Nous imprimons sur nos propres revêtements classés feu Euroclass B fabriqués en Angleterre et nos films auto-adhésifs Strataflex. Certains de nos supports d'impression sont certifiés IMO, remplissant ainsi les critères les plus stricts en termes de résistance au feu tel que l'industrie de la marine l'exige.

Faites-nous part de vos idées et nous les réalisons !

Si vous avez votre propre design et que vous recherchez un support d'impression de qualité, nous sommes là pour vous aider dans la mise en page et le calepinage pour garantir le meilleur résultat.

Si vous avez un concept en tête sans image précise pour l'illustrer, notre équipe de designers vous fera une proposition suite à votre brief.
